

Manufacturing, Distribution & Construction Guidelines

Follow these mandatory guidelines for prevention of COVID-19 and help stop the spread of the virus in the workplace.

Employees, Distributors, & Guests

- Ensure 6 ft social distancing and/or use of barriers between employees.
- All employees are required to wear facial coverings except when written justification is provided explaining why an employee is not required to wear a facial covering in the workplace.
- Employees to perform daily symptom check and stay home if symptomatic.
- Promote frequent hand washing, remote working, & stagger employee and guest arrival times.

Physical Spaces/ Workstation/ Shift Pattern

- Daily disinfection of high-contact surfaces- workstations, desks, common spaces using EPA-registered disinfect.
- Establish maximum capacity, regulate maximum number of people in common spaces & stagger break times.
- Space factory floor to allow for distancing

Confirmed Cases

- Immediately isolate and seek medical care if showing symptoms at work.
- Contact Marion Public Health about suspected cases or exposures
- Shutdown shop/floor for deep sanitation if possible
